Email: himanshusingh11062003@gmail.com
Mobile: [+917061624322](tel:+917061624322)

SKILLS

• Languages:	C++, Python, Java
• Frameworks:	HTML, CSS , JS
• Operating Systems:	Windows, Linux, MacOS
• Tools/Platforms:	MySQL, Wireshark, Nmap, MITM Proxy, OWASP Zap, Metasploit, Burp Suite.
• Soft Skills:	Problem-Solving, Team Player, Leadership, Adaptability, Communication, Flexibility

EXPERIENCE:

Cyber Security Analyst Embtel Web Solutions	April 2026 - Present
◦ Conducted Vulnerability Assessment and Penetration Testing (VAPT) on web applications. ◦ Identified and analyzed vulnerabilities such as XSS, SQL Injection, and security misconfigurations. ◦ Intercepted and modified HTTP requests/responses to test application security. ◦ Prepared detailed reports with risk assessment and remediation recommendations.	

PROJECTS

• Phishing Simulation Tool:	December 2025
• Developed a basic phishing simulation tool using Python for educational and awareness purposes. • Created simple login page replicas to understand social engineering techniques. • Implemented backend form handling to analyze how user input is processed in web applications. • Conducted all testing in a controlled lab environment, ensuring ethical usage and no real-world harm.	
Tech: HTML, CSS, JavaScript, Python	
GitHub: https://github.com/himanshu11062003/Singh-Phishing-Tool.git	
• Web Application Vulnerability Scanner:	July 2025
• Built a Python-based web vulnerability scanner to identify common security issues in web applications. • Performed checks for open ports, missing HTTP security headers, and basic reflected XSS. • Tested the scanner on multiple websites to understand real-world web security behavior. • Improved understanding of web application security testing and VAPT fundamentals.	
Tech: Python, Requests, Socket, HTTP	
GitHub: https://github.com/himanshu11062003/web-vulnerability-scanner.git	

CERTIFICATES

• Mastercard – Cybersecurity Job Simulation Forage	March 2026
• Cisco – Introduction to Cybersecurity Cisco Networking Academy	March 2026
• Digital Forensics (DFE) Coursera	October 2024
• Introduction to Cybersecurity Tools & Cyberattacks Coursera	June 2024
• Introduction to Cybersecurity Essentials Coursera	April 2024

ACHIEVEMENTS

• Project Contributor Outlier :	Feb 2025
Enhanced Data integration and analytics	
• Problem Solving HackerRank :	Dec 2024
Solved 100+ coding challenges, enhancing algorithm and programming skills.	

EDUCATION

Lovely Professional University	Punjab, India
• Bachelor of Technology - Computer Science and Engineering	August 2022-Present
Global International School	Muzaffarpur, Bihar
• Intermediate	April 2020 - March 2022
Delhi Public School International	Muzaffarpur, Bihar
• Matriculation	April 2019 - March 2020
